**GUARANTEE** — All cattle in this sale are sold under the STANDARD GUARANTEE endorsed by the American Shorthorn Association as follows:

## STANDARD GUARANTEE

### Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for

a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Bucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

**HEALTH** — All of the herds consigning to this sale are TB and Bangs accredited. Hence, all cattle selling can go to any part of the United States and Canada. All of the bred females will be pregnancy examined. All breeding dates will be available sale day. All bulls will have been semen tested. All females selling will have been calfhood Brucellosis vaccinated and state certificates of vaccination will be given to the buyers.

**TERMS** — Terms of this sale are check or cash in full to the Clerk at the conclusion of the auction. All sales are final as soon as bid off and constitute a contract between buyers and sellers. Windholme Farm, its owner, employees and the Sale Manager and any other person connected with the management of the Sale are not responsible for accidents which may occur and assume no liability, legal or otherwise. All attending this sale do so at their own risk, although every precaution will be taken to guard against accidents.

**TIMBERLEE'S LAVENDER R 10th x3366380** is a real sale attraction and promises to be one of the best females sold this Spring. She was Reserve Champion at Maryland, 1st in class at the Pennsylvania National, and stood well up at the International in a strong class. We have two full sisters in the herd, and her full sister will be in our show string this year. Sutherland and Herb Weber made this Lavender Princess family famous. We are using a full brother to this heifer, and have some excellent calves on the ground by him. She sells bred to Timberlee's TC Rodney 41st x, we think one of the best sons of the 1963 International Grand Champion. Vaccinated, blood tested and clean. Herd TB and Bangs certified.

**TIMBERLEE'S MAUD 7th x3373306** is a stylish heifer we had planned on keeping so she will be on the rather thin side. Cherry Hill Gladiator X was the 1946 Congress Champion by Edellyn Royal Leader 2nd, and this Maud family was founded here with our first purchase of Polled Shorthorns from Lou Laughlin's dad in 1946. This is an established family, time tested. She was mated to Timberlee's T C Rodney 41st X on January 11th.
